REPLY TO RESTRICTION REQUIREMENT/ELECTION OF SPECIES

Mail Stop Amendment

Customer Service Window
Randolph Building
401 Dulany Street
Alexandria, VA 22314

In response to the election of species mailed February 4, 2010, Applicants hereby elect species (2) A consumable film containing nitroglycerin, water soluble polymer and a pharmaceutical agent¹, and elect anti-hypertension and cardiovascular treatment agents for the pharmaceutical agent for prosecution in the subject application, with traverse. Applicants respectfully request reconsideration of the pending restriction in view of the following remarks.

¹ Examiner on page 3 of the Office Action describes Species (2) as "a consumable film containing nitroglycerin, water soluble polymer and a therapeutic agent (claims 18-55)." (emphasis added). These claims, however refer to the additional agent as a "pharmaceutical agent," not a therapeutic agent.
